

Outline of the new product that JP INSURANCE has notified

JAPAN POST INSURANCE Co., Ltd. has filed a notification for revisions of medical riders in accordance with the Postal Service Privatization Act. We believe new product meets our company policy that "We will provide insurance services to meet the coverage needs of customers of all generations in an age of the 100-year life."

◆ Enlarge medical coverage

Provide larger medical coverage with lower insurance premiums by raising the ratio of the insured amount of the medical coverage to that of the death benefit.

- Insured amount of rider
Up to **the same amount** of its basic policy
→ Up to **5 times** the amount of its basic policy

◆ Lower Insurance premium

Customers can keep total insurance premiums lower, by reducing the amount of death benefit.

◆ Increase Hospitalization and Surgery benefit

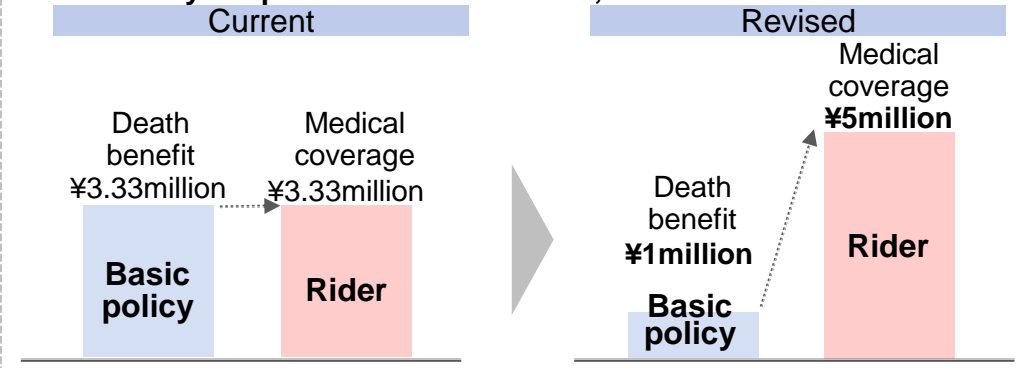

Provide larger medical coverage for short-term hospitalization, and also for long-term hospitalization due to serious disease.

- Lump-sum hospitalization benefit
5 times the daily hospitalization benefit → **20 times**
(Number of payments per hospitalization
One time → Up to **5 times**)

Make benefits easy to understand by equalizing the amount of surgery benefit paid for surgeries during hospitalization and outpatient surgeries without hospitalization.

- Surgery during hospitalization
20 times the daily hospitalization benefit → **10 times**
- Outpatient surgery without hospitalization
5 times the daily hospitalization benefit → **10 times**

Example of death benefit and medical coverage with the daily hospitalization benefit of ¥5,000

Example of benefits provided with the daily hospitalization benefit of ¥5,000
